

Anna LIU

CEO, HashKey Tokenisation

Anna Liu joined HashKey Group in 2018, the first five years, she headed the legal department in the HashKey Group, with solid legal skills and deep regulatory insights, Anna has led the legal team to provide all round legal support for the whole ecosystem of the Group, including licensed exchange, custody business, brokerage business, venture capital, asset management, node validation, and other Web3 infrastructure services in Hong Kong, Singapore, Japan, and other jurisdictions. She has also led the team to provide on-the-ground legal advice for the application and maintenance of the Group's licenses in multiple jurisdictions, successfully managed to swiftly respond to, and overcome the challenges in, the ever-evolving legal and regulatory environment in the virtual asset industry.

Starting from May 2023, Anna has assumed the role of the CEO of HashKey Tokenisation, the tokenisation arm of HashKey Group, continuing to contribute to the development of the industry ecosystem in a new capacity. HashKey Tokenisation advises on, and executes, the tokenisation of various types of assets. It provides clients with an end-to-end service, from advisory and providing expert guidance on token economics design and legal structuring, through to the execution of asset tokenisation.

Prior to joining the HashKey Group, Anna was a Senior Legal Counsel at an internet giant, and prior to that worked at a leading international law firm. With a focus on financial innovation, FinTech and internet sectors, Anna has over 10 years of experience in private equity and investment funds, cross-border investment, M&A, Hong Kong and overseas capital markets.
