

Mr. Lim Seng Siew

Executive Committee and Council of the Law Society of Singapore

Lim Seng Siew is a member of the Executive Committee and Council of the Law Society of Singapore. In addition, Seng Siew is the vice-chair of the Ethics Advisory Committee, the vice-chair of the Generative AI Committee of the Law Society, and the Chief Examiner of the Contemporary Legal Knowledge & Practice module for the Part B Bar Admission Course run by the Singapore Institute of Legal Education.

Seng Siew is a director of OTP Law Corporation, a Singapore legal practice. He has over 30 years practice experience in litigation and commercial transactions, concentrating mainly on data protection, cybersecurity and technology related matters. In addition to practice experience, the years when he was CEO of a technology start-up (2000-2003) and Senior Director of the Technology Cluster, Singapore Academy of Law (2008-2011) has also gained him practical experience managing technology projects as well as the daily operations of such entities.

His combined experience translates to a practical understanding of the issues concerning technology and its impact on the legal sector.
