LEGISLATION ANALYSIS DOCUMENTS

Empower your legislation research with this unique tool. Everything about a provision is in one place, so it's the ideal way to get all the information you need.

Rather than just referring to the provision in isolation, Westlaw UK provides links to all related materials. Legislation applying, disapplying or referring to the provision, cases citing it, journal articles referring to it, S.I.s made under the provision and the enabling Act or S.I. are all included.

As well as this, a Table of Amendments displays the life story of a provision with all previous, current and future versions presented, eliminating the need for cross-referencing.

All compiled by a team of legally-qualified editors, Westlaw UK does the hard work so you don't have to.

PROSPECTIVE AND HISTORIC LAW

Sometimes today's law just isn't enough. You need to see how a provision used to look, or even how it may look in the future.

Westlaw UK gives you the option to view previous, current or future versions of provisions and see how legislation looked, or will look, on a specific date without the need to cross-reference amending provisions.

LAW SOCIETY'S LIBRARY

The list of online subscriptions

Providing a glimpse into the future is a valuable tool which allows you to see how the law is due to change, when it is due to change, and what impact it may have on the way you work. Prospective versions are available regardless of whether an in-force date has been appointed.

TABLE OF AMENDMENTS

Displays the life story of a provision clearly in a table, with all previous (dating back to 1991), current and future versions presented, eliminating the need for cross-referencing and bringing clarity to complicated amendment histories.

PDFS OF ENTIRE ACTS AND S.I.S

Download and print hard copies of the consolidated text of an Act or S.I. with ease. Every PDF of legislation has bookmarks, allowing you to clearly see the structure of the Act or S.I., and jump to the section you need in one click.

LEGISLATION STATUS ICONS

Quickly assess the status of a provision with our visual keys. Displayed in search results and at the top of each provision they ensure you can clearly see whether that provision is law in force, partially in force or not yet in force. They also alert you to whether the provision you're looking at has amendments pending, has been repealed, superseded or is a prospective version.

JOIN UP YOUR RESEARCH

Westlaw UK provides links to all materials related to a provision which ensure that your legal research is seamless. Link directly to legislation applying, disapplying or referring to the provision, cases citing it, journal articles referring to it, S.I.s made under the provision and the enabling Act or S.I.

Law Report series

Our Australian law reports on Westlaw Asia are the definitive record of judge-made law in Australia. Of the thousands of judgments that are delivered in Australia each year, a percentage of these are deemed significant and selected for reporting.

The Thomson Reuters editorial production team has decades of experience in producing Australia's finest law reports. They work closely on a daily basis with the General Editors of each series and the Judiciary to ensure fast turnaround of accurate judgments and the significant value-adds of a headnote, catchwords and linking.
