EXPERIENCE SEAMLESS

DIGITAL TRANSFORMATION

LEGAL FILE SCANNING SERVICE

Digitalization of legal documents has become a favorable practice across the industry for efficient information retrieval. Dedicated to always offering you the most convenient experience, Canon on-site **Legal File Scanning Service** assists you promptly when facing changes and expectancies, for instance,

File transfer from another law firm

Appointment as an intervention agent

Urgent case like an application for injunction

The above circumstances usually bring along numerous legal documents to be categorized and reviewed in a short time. Canon offers you support on-time by providing the most secure, accurate, and quickest service which transforms piles of legal documents into digital formats with exceptional image quality. Meanwhile, off-site scanning services will be your perfect choice to speedily digitalize huge amounts of documents without consuming your workspace.

Key Features

All-rounded Data Protection

Shielded Operation

Scan operation room will be swiftly set up in your firm, where all appliances with recording functions and network connections are prohibited

Assured Security

Documents can be delivered to Canon's off-site scanning center certified with ISO27001:2013 which is annually audited to validate the qualification

Powerful Encryption

Every processing file is encrypted until the completion of the entire project and is only decrypted upon your handover request

Precise Indexing & High Searchability

Flexible Naming Rules

Customize a file naming rule with up to 3 indexes at most, including matter number, contract date, document type, and more options

Trustworthy Verification

All output files are checked thoroughly to ensure they are presented in accurate indexes and assured output quality

Complete Searchability

OCR technology automatically converts scanned document into searchable PDF to allow efficient information retrieval

Ultimate Efficiency

Tailor-made schedule

The scanning operation routine is fully customizable to fit your daily schedule packed with out-of-office appointments and meetings

Sufficient manpower

Based on the project's urgency, more members can be assigned to enhance productivity further

Our professional Legal File Scanning Service lends a hand to you in the first place to build your digital law library in a secure manner, wherein all files are neatly arranged and easy to search. In this ever-changing information age, Canon is always at your service to create a comfortable workplace in the virtual world.

Free 10% of Total Scanning Volume
