

# World Bank Group's Business Enabling Environment Project

## What is Business Enabling Environment project?

The World Bank Group (WBG)'s Business Enabling Environment (BEE) project is a new benchmarking exercise aiming to provide a quantitative assessment of the business environment for private sector development. WBG will invite firms and experts in Hong Kong to provide inputs.

2023/Feb–Oct

**Conduct Data Collection Exercise**

2024/Apr

**Publish the First BEE Report**

## Your Input is Essential!

*We sincerely appeal to the trades and experts to participate in BEE data collection exercise if invited by the WBG*

## How data is collected?

## What is assessed?

WBG will collect data **related to business environment on ten assessment topics** following the typical life cycle of a firm. The assessment on each topic will focus on three areas:

- (I) Regulatory Framework
- (II) Public Services
- (III) Efficiency

## Ten assessment topics related to business environment

- Business Entry
- Business Location

Opening

- Utility Connections
- Labor
- Financial Services
- International Trade
- Taxation
- Dispute Resolution
- Market Competition

Operating

- Business Insolvency

Closing

*Whether, as a firm representative or an expert, please do participate in the data collection exercise if you are invited by the WBG. If you have any enquiry or would like to know more about the BEE project, please visit the following webpages or contact the Efficiency Office.*
