## Hong Kong : Back to Business

### Panel Discussion: "Positioning Hong Kong as a Family Office Hub"

Join us as experts weigh in on Hong Kong's attractiveness as a family office destination, how Hong Kong holds up against other family office hubs, and emerging trends they observe working with families looking to establish or expand their Hong Kong connection.

### Panel Discussion: "How to Return International Arbitration to Being Cheap and Quick"

Arbitration espouses that its advantages over municipal litigation include that it is cheaper and quicker. However, those attributes have been eroded: why is that, and how can they be restored?

### Panel Discussion: "Mobilising Capacity for Green Finance & Sustainability"

Hong Kong's steps to further enhance and deepen sustainable finance includes introducing world-class regulation in alignment with global standards, capacity building, data enhancement and technology innovation. The goal is to grow dynamic, trusted markets to mobilise capital to support net-zero transition. This panel will consider how the practice of green finance is evolving, opportunities leveraging Hong Kong's strength as an international financial centre and the role of lawyers.

### Panel Discussion: "Corporate Rescue and Getting Back to Business"

How Hong Kong has cemented its position, through legislative reform, cross border arrangements and jurisprudence as Asia's leading financial and debt restructuring hub.
